

HEALTHCARE

Do you enjoy helping others? Is science one of your favorite subjects?
Are you interested in how the human body works?

Look around you...

Did you know there are many other careers in healthcare other than doctors and nurses? Using science and problem-solving skills, people in healthcare create new medicines, discover cures for diseases, heal and comfort the sick and operate high-tech tools that diagnose and treat illnesses and injuries. Whether taking care of patients or working "behind the scenes," healthcare in Alabama has something for everyone.

What It Takes

- Strong math, science and computer skills
- Attention to details
- Desire to help others
- Ability to work on a team

Physical Therapy Assistant

A physical therapist assistant (PTA) works under the direction and supervision of a licensed physical therapist. The PTA performs delegated interventions in the treatment program for patients according to the plan of care established by the physical therapist. Physical Therapist Assistants help teach and motivate patients to use crutches, prostheses, and wheelchairs to perform day-to-day activities. An Associate's Degree is required for this position.
