

# SAFETY

Do you enjoy helping people? Do you like solving problems? Do you find learning exciting?

## Look around you...

People you see every day performing a job may encounter some type of danger or hazard. Safety plays an important role in making sure injuries and accidents are avoided. Safety professionals work with companies and industries to find ways to help them be safe. A position in safety provides a high degree of job satisfaction, and a variety of limitless job opportunities depending on education, skill and experience.

## What It Takes:

- An interest in science, math and technical concepts
- Good skills in working with people and communicating
- A desire to help and provide service to people
- Planning and organizational skills
- A genuine desire to learn and adapt to change
